

Fixed Kittens

to Good Home

Hello,

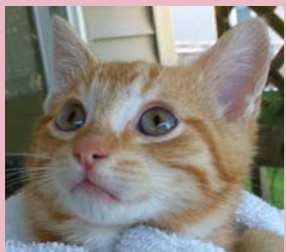

Our names are Calvin, Cinders, Sissy, Peanut and Moose. We all need good homes! Our adopted Mom found us playing in her front yard one morning and she knew we would need to be taken in. She brought us to the Vet where we were fixed and given our first Distemper shots. She says we are being treated for roundworms and coccidia , both will be gone in the next couple of weeks. She says we are negative for both feline leukemia, and FIV. We are all a little shy, but very playful.

Please contact our adopted Mom for more details.

Thank you,

Calvin, Cinders, Sissy, Peanut, and Moose
